

Mini Storage Trial and Current Camera Fact Sheet

New Sonitrol 3xLogic OD Camera at Mini Storage (4040 Flying C Road)

- Free 30 – day trial period IP camera (1 camera only – license plate view). Has health monitoring system (uses DSL to get to Sonitrol) and includes phone app and desktop app for reviewing onboard storage footage as well as SD card storage.
- Total cost if we want them to install 3 cameras \$2460 (includes credit of \$969 for our removed equipment. Martin confirmed this cost on January 7, 2018. If we put them in at the three gates cost would be \$7,380.
- Service fee of \$2664 per year does not change (they did credit us \$444.60 for time lost on current camera service).
- Choose not to have cameras installed: saves \$888 in camera at Mini Storage service fee (plus we wouldn't be spending \$2460)

AT&T

- DSL – for this gate is \$55.55 per month x 12 = \$666.60 per year.
- However, if we disconnect DSL now we will not be able to get it back. And, we need DSL for new camera system
- Fiber Optic cable to run current camera set would cost \$467.50 per month (for 10meg/s download).
- DSL at this location: upload under 1 meg/sec, download 2 at best.

Sonitrol Cameras CCTV2524 IP at Strolling Hills and Upper Flying C

- Installed 9/17/2007. Cost for 3 cameras at 3 gates = \$14,000. Service fee in 2007 was \$89 x 12 = \$1068 per year.
- As of January 2018, service fee is \$222 x 12 = \$2664 per year.
 - From September 2007 to January 2018 the service fee amounts to \$21,148 (averaged \$89 + \$222 = \$311 / 2 = \$155.5 monthly x 136 months = \$21,148)
